FY-13 SECB FAQs CONT.

Q. Since the board was delayed this year, when will next year's board be scheduled?

A. The FY14 SECB is tentatively planned for December 2013. The FY15 SECB is tentatively planned for September 2014.

Q. My command is losing a chief as a result of the continuation board, when should we expect a replacement?

A: Not all personnel losses will generate a requisition for a backfill. Personnel assigned in excess of NMP will not normally be backfilled. Additionally, personnel assigned in excess of paygrade allowance may generate requisitions at a lower paygrade level. The Enlisted Personnel Requisition System will generate requisitions based on NMP vacancies and will be filled based on Manning Control Authority (MCA) priorities. Commanding Officers or designated personnel are encouraged to communicate any manning shortages with their respective Placement Coordinator and their contact information is available on the cover page of the command Enlisted Distribution and Verification Report (EDVR).

Q. Will all the losses resulting from the continuation board be replaced?

A: No. Losses may or may not generate a requisition for a replacement, based on the command's manning. Commanding Officers or designated personnel are encouraged to communicate any manning shortages with their respective Placement Coordinator and their contact information is available on the cover page of the command Enlisted Distribution and Verification Report (EDVR).

Q. Should my command expect a named replacement for the CPO we will be losing?

A: Not necessarily. If a requisition is generated for a replacement, and if it is prioritized by the Manning Control Authority to be advertised in CMS-ID for Sailor applications and detailee action, a replacement may be selected and identified during a CMS-ID cycle. Commands should monitor CMS-ID for applications being submitted for their commands, and

rank/provide command comments on those applications for the detailers to consider when making their selections.

Q. What should my command do to request a backfill?

A: Commanding Officers or designated personnel are encouraged to communicate any manning shortages with their respective Placement Coordinator and their contact information is available on the cover page of the command Enlisted Distribution and Verification Report (EDVR). In some cases, commands may submit an Enlisted Manning Inquiry Report (EMIR) to provide specific manning concerns (reference MILPERSMAN 1306-108).

Q. Does my command need to request a PRD adjustment for Sailors not selected to continue?

A: No. Sailors not selected for continuation will have an estimated date of loss (EDLN) applied to their record and if applicable, this will generate a requisition.

Q. What Manpower Availability Status (MAS) code should be assigned to SELRES/VTU Sailors not selected to continue?

A. In accordance with RESPERS M-1001.5, members not selected to continue must be assigned MAS code "ACB".

Q. Per NAVADMIN 375/12 paragraph 6, Sailors not selected for continuation will have the unearned portion of their Critical Skills Retention Bonuses (CSRB) recouped. As a SELRES/VTU Sailor, does this apply to me?

A. CSRB is not a Reserve program and does not apply to SELRES/VTU members. However, SELRES not selected for continuation shall have the unearned portion of any Selected Reenlistment Bonus recouped based on the date of transfer to the Retired Reserve or IRR/VTU.

Q. I am a SELRES that has recently returned from mobilization and I was not selected to continue. However, I will reach my HYT date during the 6 months I was allowed to remain in the status held prior to mobilization in order to complete my PDHRA. Will I be transferred into the VTU or will I be automatically granted a HYT waiver?

FY-13 SECB FAQs CONT.

A. SELRES who are not selected to continue and reach their HYT gate while mobilized/within six-month post mobilization will receive an automatic HYT waiver to remain in a pay status not to exceed six-months from the day the member is demobilized.

Q. I am a SELRES/VTU Sailor and was not selected to continue. What is the latest date I can execute/be tagged for mobilization orders?

A. Once not selected to continue, the "ACB" MAS code will identify the member's status and he/she will no longer be eligible to execute or be tagged for new mobilization requirements. However, SELRES/VTU members with orders to or currently mobilized who are not selected to continue will be allowed to complete their mobilization tour and transfer following a maximum period of six months after demobilization. All Sailors currently on IAMM/GSA/OSA/Mobilization orders who are not selected to continue are directed to email PERS-833 at ENLISTED-POSTBOARD@navy.mil to complete an IAMM/GSA/OSA/Mobilization notification letter.

Q. If I was not selected to continue can I still execute AT/ADT/ADSW orders?

A. Yes, if funding is available. However, the member must complete the AT/ADT/ADSW orders in time to transfer to the Retired Reserve (with or without pay) NLT 1 February 2014 or VTU NLT 31 January 2014.
